

Oak Cottage Primary School

INFORMATION FOR NEW PARENTS – SCHOOL GATE PARKING

As at most schools, we occasionally encounter difficulties with parking around school. Our prime aim is to ensure the safety of our children, but we also hope to develop good relationships with our neighbours. With this in mind, we would ask you to consider the following points.

- ➔ Please **park only on the school side of the road**
- ➔ Please **park carefully - without obstructing driveways**
- ➔ Please **park away from the school gates**
- ➔ Please **do not use the school driveway for turning round**
- ➔ Please try to walk at least some of the way, some of the days
- ➔ Please walk and talk to your child about crossing roads safely

The Bryanston Road entrance is open for normal school opening and closing times, but is closed at the end of the Nursery session and during the rest of the school day.

The driveway is steep and narrow and there are children on foot, parents, staff, workmen and delivery men moving about – at all times of the day.

Please do not bring vehicles onto the school site – even if you are helping in school or collecting from any of the After School Clubs.

Please consider whether your car is essential to your journey at all?
