6<sup>th</sup> October 2022

Dear Parent/Carers,

### **Parent survey 2022**

Oak Cottage as a school values working in close partnership with parents. One activity that supports this is gathering valuable feedback from parents at the end of their child's time in each Key Stage. This takes place at the end of the academic year in July and informs school improvement planning for the subsequent year. The following is a brief summary of the main points resulting from the survey undertaken in July 2022.

- The response rate was 32% (29 returns of a possible 91).  
To encourage a greater response rate we will open the survey a little earlier before the end of term and leave it open longer next year. This will enable as many parents as possible to express their views.
- 100% of respondents indicated that they felt that their child made good progress at the school
- 100% of respondents felt that the school was well led and managed
- 93% of respondents said they received valuable information about their child's progress

We are very pleased to work so closely in partnership with parents of all our children. We are always available should a concern come to light and these open and timely conversations are the most effective means of supporting children and parents to be able to get the most out of their time in school. Parents are encouraged to contact their child's class teacher in the first instance so that a full understanding can be achieved and an appropriate and effective response made where necessary.

- 90% of respondents felt their child receives appropriate homework for their age  
Our homework policy seeks to require a homework expectation is appropriate for children of different ages, while all children have opportunities to go further and deeper should they wish to. We appreciate that different families and children have different feelings about homework and hope that, where concerns persist, this can be brought to the attention of the class teacher.

We would like to thank parents for taking the time to complete this survey.

Yours sincerely,

Mr R. Marshall  
**Head Teacher**
