

Hello from your New School Caterers!

We're so excited to be the new catering team at Coleshill Heath School!

Our goal is simple – to serve up fresh, tasty and nutritious meals that keep students happy, healthy and ready to learn. Lunchtime is a big part of the school day. It's a chance for students to take a break, catch up with friends and recharge for the afternoon. Our school lunches are freshly prepared, well-balanced and packed with goodness to help them stay full, focused and energised.

Fresh, Healthy & Full of Flavour

We use quality, locally sourced ingredients where possible to create meals that are both nutritious and tasty. Our menus are full of dishes that children love and include a variety of hot and cold options, from hearty main meals with vegetarian choices to pasta, jacket potatoes and freshly made sandwiches. Guided by school food standards, we create meals so students get the right balance of nutrients to support their learning and well-being.

If your child has allergies or specific dietary needs, our friendly catering team is happy to discuss options with you.

We want lunchtime to be a highlight of the school day, so please encourage your child to give our school meals a go!
