

Jigsaw PSHE is a progressive scheme of learning where knowledge and skills build year on year across the programme. The table below shows how the Relationships Puzzle (unit of work) develops in this year group, including some of the key vocabulary. Schools may adapt content to fit their policy, so please check with your child's school for specific details.

Ages 6-7	Puzzle overview: Relationships	
	In this Puzzle, children explore different types of families and learn why cooperation and care are important in relationships. They develop understanding about safe and unsafe physical contact and practise expressing what feels comfortable to them. Across the six lessons, children learn how to manage friendship conflicts, recognise the difference between good and worrying secrets, and identify trusted adults who can help them. They reflect on trust, honesty and appreciation in relationships.	
	Knowledge	Social and emotional skills
	- I can identify the members of my family, understand my relationship with each of them and know why it is important to share and cooperate - I understand that there are lots of forms of physical contact within a family and that some of this is acceptable and some is not - I can identify some of the things that cause conflict with my friends - I understand that sometimes it is good to keep a secret and sometimes it is not good to keep a secret - I recognise and appreciate people who can help me in my family, my school and my community - I can express my appreciation for the people in my special relationships	- I accept that everyone's family is different and understand that most people value their family - I know which types of physical contact I like and don't like and can talk about this - I can demonstrate how to use the positive problem-solving technique to resolve conflicts - I know how it feels to be asked to keep a secret I do not want to keep and know who to talk to about this - I understand how it feels to trust someone - I am comfortable accepting appreciation from others
